MR. HENRY H. Faxon, of Quincy  
who has been "prominently men-  
tioned" as the Prohibition candidate  
for Governor in Massachusetts this  
year, has sent \$100 to the Prohi-  
bitionist's treasury, but announces  
that he will not accept any nomina-  
tion what ever, and that he pro-  
poses to support Gov. Robinson as  
a candidate for reelection. Of his  
letter the Boston Advertiser, the  
leading "Mugwump" journal of  
New England, says editorially.

He endeavors to justify the ac-  
tion of the Prohibitionists in run-  
ning a separate ticket last year but  
seeks to discourage unnecessary  
fruitless contests between Prohi-  
bitionists and Republicans when the  
latter do their duty to the people.  
Mr. Faxon by his example may be  
said to advise Prohibitionists this  
year, when the Republican party  
is on its good behavior, to help it  
to defeat the Democrats as a com-  
mon enemy.

THE Pennsylvania Democracy have taken the back track. In their platform adopted last Wednesday they used the vague phraseology. "We approve an honest and efficient civil service." This they made specifically weaker by affirming the President's clear and indisputable right to promptly remove officials who have prostituted the public service for partisan and personal ends. But who denied him such a right? What a change from their bold declaration in 1881 "We protest against the spoils system; it is a prostitution of the offices of the people, so that they become the mere perquisites of the politician." Gov. Paterson was elected on that platform. Now, to palliate the wholesale eviction of capable officials, they fall back on the pretext of "offensive partisans."

ship." Why not give the cause for removal its proper designation? Call a spade a spade. Say they are turned out because they are Republicans and to make room for Democrats. This would be the truth. Democrats do not deny and Republicans expect it, and it would be much the more honest—Pittsburg Leader.

## TELEGRAPHIC

### Mont Co.

CHEYENNE, Sept. 6.

The Leader's special from Rock Springs gives the latest that can be obtained from the scene of the recent anti-Chinese troubles. All is quiet to-day and the miners have returned to work. At a meeting held last night measures were taken to put a stop to the drunken carousals of a few of their number who have been celebrating the removal of the Chinese. Two more dead Celestials were found to-day, one in the ruins of Chinatown and another beneath the railroad bridge about a mile east. The heathen had been wounded and managed to walk that far before he gave up. Your correspondent talked with the miners to-day who took an active part in the attack upon Chinatown, and was told that less than a third of dead Chinese in the ruins of the houses had been found thus far; they declare that no less than twenty-five were shot down inside of the burned buildings. These buildings had dirt roofs which covered up the dead Chinamen when the dwellings succumbed to flames, and as no actual searching has been made in the mire it is quite probable there statements are true. The Chinamen are still arriving at stations east and west almost dead from fright, fatigue and lack of food. All are shipped to Evanston by the company. They reiterate the statement that many have died in the hills from wounds received in the attack upon them. It is reported here that the white miners in the western end of the territory have notified the Chinese laborers miners that they must leave inside of three days and that the Union Pacific has guaranteed their removal within the time specified. The celestials all along the road refused to work to-day and demanded passes to Evanston. Chinese laundrymen and servants at Green river were told last night that they must leave within twelve hours and they go west on to-day's express.

### War or Revolution.

NEW YORK, Sept. 6.

A Madrid dispatch says: Last night the official dispatch received by the government from Yap state that a German gunboat landed troops on the night of the 24th of August and hoisted the German flag there. The Spanish vessels San Queten and Manila were at Yap at the time and the captains of the Spanish vessels and the Spanish government protested with energy against the occupation. The Spanish gunboats cleared decks for action and the Manila was about to fire upon the German gunboat when she was signaled to desist, which she did most reluctantly. A third Spanish vessel, the Oalascoro, has arrived at Yap bay. This news caused the wildest excitement throughout Spain; crowds gathered in the streets of Madrid all night long, frantically gesticulating calling Emperor William the Crown Prince and Bismarck the vilest names; several thousand people are shouting "Death to Bismarck" and "Viva Espana." They mobbed the German embassy, smashing the windows and German arms on the embassy building and trembling the fragments under feet. The embassy was completely mobbed; the furniture and mirrors were dashed to pieces. The people are almost foaming at the mouth with frenzy. Several of the soberest Spaniards with horses I talked were confident that the affair must now end in war or revolution.

### Rebellion

VICTORIA, Sept. 6.

There is serious trouble at Farwell

and the Dominion and provincial forces are warring. The dominion main land police attempted to enforce the dominion liquor act. A provincial magistrate resisted and sent the officer to the First Dominion Commissioner. The latter committed the constable to prison for 14 days. The provincial magistrate swore in twenty specials who proceeded to the jail and liberated the police man and arrested the dominion magistrate and three mounted police and put them in jail. The remaining mounted police fled to the barracks and barricaded themselves, awaiting reinforcements from east of the mountain. There is great excitement although the interior and should bloodshed occur the dominion will have another war on hand.

### All on Account of Caroline.

MADRID, Sept. 6.

A sensation was caused here this morning on receipt of important news from the Caroline Island. A Spanish war ship reached Yap, one of the islands, on the 21st ultimo and prepared to occupy it in the name of Spain. The Spanish officers were dilatory in landing their troops, and on the 24 of the same month a German gun boat arrived. Although it was 7 o'clock in the evening the German commander instantly sent a body of marines and soldiers and hoisted the German flag over the island. The Spanish officials made an energetic protest against the action of the German commander and on the latter refused to recede from the position he had taken telegraphed to Madrid for instructions. A conflict between Germans and Spaniards at Yap is feared. On receipt of the above news the ministers were immediately summoned to a cabinet council and King Alfonso was advised of the strained situation. His majesty telegraphs that he will arrive in Madrid to-morrow.

Now.—The excitement over the German occupation of Yap is intense and the populace are wild with rage. A large crowd gathered in front of the German Embassy and attacked the building, tore down the coat of arms and dragged it through the streets to Puerta Del Sol, where they burned it in front of the office of the Ministry of the interior amid yells of "Down with Germany." After venting their spleen there they proceeded to the French Embassy and cheered frantically. The crowd had by this time grown to considerable proportions and fears are being entertained of a serious riot. The troops were ordered out to clear the streets and the crowd slowly retired before the military. The situation very grave. The council of ministers has accepted a proposition to court martial the governor of Yap and the commanders of the two Spanish war ships which arrived there on August 21st for neglect of duty the latter in not immediately garrisoning the island with Spanish soldiers on their arrival there and the former in not hoisting the Spanish flag and proclaiming the suzerainty of Spain on the Island. The Report that a German squadron had started for the Caroline Island is confirmed. Fifty-six leaders of the mob were arrested before the crowd retired.

### Robbers.

KANSAS CITY, Sept. 6.

A special train was sent out from here to the scene of the robbery last night on the Alton & Chicago railroad near Blue Springs. It left shortly before one o'clock this morning, and after some delay, reached there about three o'clock. The car contained several officials and employees of the road and a strong posse of detectives and deputy marshals. Arriving on the ground, horses were procured and the officers started on the track of the robbers. Blood hounds were procured to aid in the search. At noon, the time of the latest report, none of the robbers had yet been captured.

Later.—A majority of the pursuing party returned this afternoon after a fruitless search. The railroad company

has offered a reward of \$1,000 for each robber.

### Poker Dice.

VICTORIA, Sept. 6.

Reports from the Seminakan poker diggings state that two young inexperienced miners made \$2,000 in 17 days. Many others are making \$50 per day with rockers.

D. K. Wardwell has been appointed postmaster of Tugger, and Henry Godwater, of Yuma, neither of whom, however, has been confirmed. Mr. Godwater, we believe, has filed his bond and sent it on to the department.—S-ninet-

Messrs. Messick and Hart went out hunting yesterday, and during the day got 1 st from each other. When night came on Mr. Messick tried to find young Hart, but failed and came home. This morning two different parties started out to search for him fearing that he had met with an accident, but the young man turned up all right at Fairbank, having remained there all night.
